

BARRIERS TO YOUTH EMPLOYMENT

yconic surveyed 1,425 students and youth (aged 15-29) about perceived barriers to employment, gaining experience and what they're doing to find work.

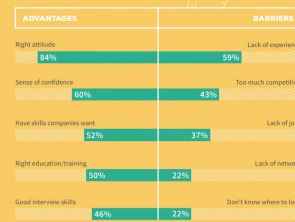

FEELING THE CRUNCH

Young people are realistic about their prospects when it comes to finding a job.

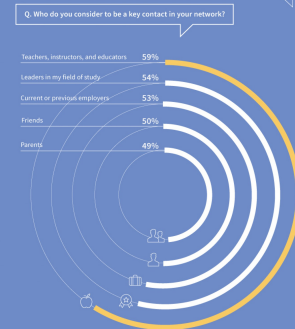

JOB-SEEKING ADVANTAGES AND BARRIERS

Youth experience a variety of advantages and barriers when job-seeking. Even those that know they have the skills and experience to get the job they want, feel limited by a highly competitive environment and a lack of available work.

THE STUDENT JOBS NETWORK

When it comes to finding work, students acknowledge that everyone in their network has a role to play.

GETTING THE JOB

Paid internships, mentorship, and short-term engagements are of interest to students and young adults when it comes to learning opportunities that will prepare them for the workforce.
