FIRSTWORK

TRANSFORMING ONTARIO'S WORKFORCE

About First Work

First Work brings together

- Providers of youth programming
- Employment services
- Business leadership
- Academia

‘GPS for Your Career’

Career exploration-to-employment platform

- ✓ Career exploration
- ✓ Self and skills-assessments
- ✓ Training and upskilling
- ✓ Job matching

Project Goal

Equip 10,000 youth with a **GPS for Your Career** for:

1. Career exploration, and
2. Job placement

Testimonial

Positive testimonial from a GPS platform user – A youth found and completed a certificate program offered at a University that they were unable to find on google or the university’s website. This user has an invisible disability that has been impacting their ability to retain employment and was looking at working remotely as this will allow them to thrive regardless of their invisible disability. They now feel much more confident to seek and retain employment and now have an opportunity to work in Marketing (previous experience in customer service only). Currently working as an Admin assistant. Finished the program with a mark of 100%.
